Education

University of South Florida — Tampa, FL, USA
Ph.D. in Economics, expected May 2028 — *Aug 2023 – Present*
M.A. in Economics (Summer 2026)
Dissertation Committee: Padmaja Ayyagari (Chair), Andrei Barbos, Rodrigo Pinto, Kenneth Whaley, Barton Willage (external, University of Delaware)

Iran University of Science and Technology — Tehran, Iran
M.Sc. in Economics, Economic Systems Planning (GPA 3.7/4) — *Sep 2018 – Jan 2022*
Thesis: "Big Five Personality Traits and Their Influence on Investment Fund Management in Iran"
Committee: Y. Sobhani-Fard, A. Rafie

Allameh Tabataba'i University — Tehran, Iran
B.Sc. in Economics, Industrial & Development Economics — *Sep 2014 – Jul 2018*

Research Interests

Primary: Health Economics; Health Policy (Medicaid & Medicare); Applied Microeconometrics.
Secondary: Labor Economics; Policy Evaluation; Behavioral Economics.

Publications

Peer-Reviewed

- Firoozabadi, S., Ansari, M., & Farahani, F. V. (2024). *Crude Oil Trend Prediction During COVID-19: Machine Learning with Randomized Search and Bayesian Optimization.* European Journal of Business and Management Research, 9(3).

Job Market Paper

- *Helping Hands, Healthier Infants: The Effect of Medicaid Doula Coverage Mandates on Birth Outcomes.* 2026.

  Many U.S. states now pay for doula care through Medicaid, hoping to improve infant health and narrow racial gaps in birth outcomes. I evaluate these mandates using their staggered 2021–2024 rollout, 32.1 million births from CDC WONDER (2016–2024), and a new measure of the state doula workforce built from the national provider registry. On average, I find no detectable effect on low birth weight. The effect concentrates among Black mothers, the group at greatest risk: in states with the longest exposure, their low-birth-weight rate falls by about 0.5 percentage points (about 5% of the baseline), with flat pre-trends. Two-stage least squares shows that coverage roughly doubles the doula workforce. Methods: staggered difference-in-differences (Callaway & Sant'Anna), 2SLS/IV, wild-cluster-bootstrap inference.

Working Papers

- *Returns to U.S. and Foreign Experience among Immigrant Men: Evidence from IPUMS Microdata.* 2025. arXiv:2512.18827.

  U.S. experience yields higher wage returns than foreign experience, with returns rising in English proficiency. Data: IPUMS (Census/ACS). Methods: Mincer wage regressions with fixed effects.

Work in Progress

- *Does Electronic Monitoring of Home Care Workers Reduce Care for Elderly and Disabled Americans? Evidence from Medicaid Electronic Visit Verification.*

  Uses the staggered state rollout of claim denials under the 21st Century Cures Act EVV mandate to test whether falling billed hours reflect removed fraud or a burden on honest care. Data: QCEW, OEWS, CMS-64. Methods: staggered difference-in-differences (Callaway & Sant'Anna), event study.

- *The Effect of Criminal-Justice Reform on Crime: Evidence from California's Proposition 47.* With Rodrigo Pinto.
- *Domestic Workers' Bills of Rights and Labor-Market Outcomes in the United States.*
  Preliminary results indicate higher wages and increased formalization. Data: Current Population Survey. Methods: DiD, two-way fixed effects, event study (staggered adoption).

Conference Presentations

Southern Economic Association (SEA) Annual Meeting, Houston, TX — *Helping Hands, Healthier Infants* (scheduled) — Nov 2026

Teaching Experience

University of South Florida — Aug 2023 – Present
Instructor of Record — Principles of Macroeconomics (ECO 2013), Fall 2025, Spring 2026 & Fall 2026.
47 students; student evaluations 4.0/5.0.
Teaching Assistant — Intermediate Price Theory, Microeconomic Principles, Macroeconomic Principles, Development Economics, Game Theory.

Iran University of Science and Technology — Sep 2019 – Feb 2021
Teaching Assistant — Microeconomics I; designed assignments, quizzes, and tutorials.

Allameh Tabataba'i University — Sep 2015 – Jul 2018
Teaching Assistant — Mathematics I; tutorials and problem sessions.

Technical Skills

Languages & Software: Python, R, Julia, MATLAB, Stata, EViews.
Typesetting & Tools: LaTeX, Jupyter, RStudio, Git, VS Code, MS Office.

Honors and Awards

Seminar Grant, Dept. of Economics, USF — presentation at the Southern Economic Association (SEA) Annual Meeting, Houston, TX — 2026
Graduate Assistantship, University of South Florida — 2023 – Present
Top-ranked by GPA among graduate economics students, IUST — 2021
Ranked 80th of ∼11,000, National Graduate Economics Entrance Exam, Iran — 2018

Graduate Coursework

Microeconomics I–II (incl. Game Theory), Macroeconomics I–II, Mathematical Economics I–II, Econometrics I–III, Economics of Health Care I–II, Labor Economics, Economic Policy Analysis, Behavioral Economics, Mathematical Programming.
